

Senior Product Designer

You ...

- Are a visionary thinker with the ability to balance creativity, innovation, and practicality in product design.
- Can deeply empathize with both the user's needs and the client's business objectives, ensuring that design solutions are not only beautiful but also functional and feasible.
- Are experienced in all stages of product design, from initial research and ideation to prototyping, testing, and final presentation.
- Are a proactive problem solver who takes initiative, thrives in a collaborative environment, and can work independently when needed.
- Inspire and motivate others with your passion for design and attention to detail.

With us ...

- You will work on a diverse range of projects, from consumer electronics and lifestyle products to innovative medical devices, collaborating with both startups and global brands.
- You will translate ideas into compelling designs using a variety of techniques including sketching, 3D modeling, rapid prototyping, and rendering.
- You will have the autonomy to experiment, innovate, and push the boundaries of what's possible in product design.
- You will be part of a dynamic and multicultural team of designers, sharing insights and learning from each other in a creative and supportive environment.
- You will enjoy working in a vibrant and inspiring city Valencia, with a workspace designed to fuel creativity and collaboration.

Senior Product Designer

Requirements ...

- A minimum of 5 years of experience in product design, ideally in an international context.
- Proficiency in relevant design software (e.g., Nx , SolidWorks, Rhino, KeyShot, Adobe Creative Suite).
- Strong communication skills to present your ideas clearly to both clients and team members.
- Experience in leading design projects from concept to final production.
- A portfolio that demonstrates your ability to think creatively and deliver innovative design solutions.

Benefits ...

- Competitive salary, negotiable based on experience.
- Opportunities for growth within an innovative and rapidly evolving company.
- A creative and collaborative work environment with a diverse, multicultural team.
- The chance to work on impactful projects that shape industries and improve lives.
